Show Your Support!

No Boundaries Disability Support Inc is a not-for-profit disability support centre. As an organisation we support individuals with varying physical, intellectual, and sensory disabilities. We are seeking the support and sponsorship from our community to fund various programs, activities and the essential resources required at our centre for the benefit of our participants.

Our goal is to create a safe, inclusive, and enriching environment where participants can engage in meaningful programs that increase independence, build skills, and encourage social connection. A key focus of No Boundaries is lifelong learning—offering tailored educational opportunities that help participants develop practical life skills, enhance communication, develop meaningful connections and to explore creative expression.

With your sponsorship, we aim to further develop adaptive equipment, deliver more of our creative and learning based programs and recreational outings. Through the generosity of our community we are committed to upgrading our centre's facilities and equipment to ensure No Boundaries is always an accessible, comfortable, and engaging space that meets all needs of our participants.

Your contribution would directly impact those we support. Encouraging them to thrive, connect, and participate fully in the community.

Facilitated Photography

A Journey To Be Seen

Our photography program is built upon the core values of integrity, dignity, and equality. Our aim is to empower participants of all abilities to explore their creativity, express themselves visually, and build connections through the art of photography.

The program will unfold over four school terms, with a strong emphasis on self-expression and visual storytelling. We'll progress towards a celebratory end-of-year exhibition and a special Christmas photo card project. Each session will be inclusive, adaptable, and tailored to support participants at every skill level.

This program reflects the mission of No Boundaries Disability Support Inc by celebrating the **individuality**, **creativity**, and **capabilities** of every participant. Grounded in **integrity**, **dignity**, and **equality**, it offers not only skills, but also confidence, community, and pride in sharing one's unique view of the world.

Program Schedule

- ✓ Fortnightly on Tuesdays
- ✓ 4 School Terms Per Year
- ✓ 60 Minute Sessions
- ✓ Core Values:
Integrity
Dignity
Equality

Program Total Cost: \$10,000 Annually

Facilitated Drama

Program Schedule

- ✓ Weekly on Thursdays
- ✓ 2 Hour Sessions
Group of 10
- ✓ Core Values:
Self-Expression
Skill Development
Emotional Wellbeing

Drama provides a highly valuable outlet for self-expression, skill development, and emotional wellbeing within the disability support community.

Drama encourages participants to explore their creativity, build confidence, and improve communication and social interaction in a fun and supportive environment. Through group collaboration, role-play, and storytelling, individuals enhance their teamwork and problem-solving skills while processing emotions in a safe and engaging way.

This program is built around the values of inclusion by focusing on ability rather than limitation, empowering participants to be **seen, heard, and celebrated.**

Program Total Cost: \$9,500 Annually

Facilitated Music

Music therapy is a powerful tool - it helps individuals express themselves, connect with others, and build skills in a fun, engaging way.

It can improve communication, boost mood and reduce feelings of anxiety, and support physical movement and coordination all while having **FUN!**

For people with disabilities, music therapy creates a safe and creative space to grow confidence, develop social connections, help reinforce learning (routines, names and sequences) through rhythm and repetition, and achieve personal goals—whether that’s learning to take turns, strengthening motor skills, or simply feeling heard and understood. It’s therapy that doesn’t feel like therapy.

Program Schedule

- ✓ Weekly - Thursday and Friday
- ✓ 60 Minute Sessions
- ✓ Core Values:
 - Physical Movement**
 - Coordination Development**
 - Skill Development**
 - Emotional Wellbeing**

Program Total Cost: \$24,000 Annually

Facilitated Zumba

Program Schedule

- ✓ Weekly on Tuesdays
- ✓ 60 Minute Sessions
- ✓ Core Values of:
Inclusion
Wellbeing
Empowerment

Zumba combines physical movement, music, and social interaction in a fun and inclusive way. It promotes physical health by improving cardiovascular fitness, coordination, and flexibility, while also supporting mental wellbeing through mood-boosting music and movement.

Zumba can be adapted to suit all abilities, making it accessible and empowering to all participants. It fosters a sense of community, connection, and confidence, helping individuals feel more **engaged, motivated, and supported**.

No Boundaries Zumba routines are modified to suit all our participants physical and cognitive abilities. Whether participants are in wheelchairs, have limited mobility, or sensory sensitivities, our Zumba instructor tailor movements to ensure everyone can join in safely and comfortably.

Program Total Cost: \$8,000 Annually

CONTRIBUTE RESOURCES TO OUR DAY CENTRE!

We are reaching out to kind-hearted individuals and businesses to support our organisation through donations of essential items. At No Boundaries Disability Support we strive to create a comfortable, functional, and welcoming environment for the individuals we support, many of whom rely on our services for daily care and skill building.

Your generosity can make a real difference — every item donated helps us allocate more resources directly to programs and support for our participants. If you or your organisation can assist, we would love to hear from you!

We are extremely grateful for any consideration on the items we have listed below!

HOIST - AIDACARE

We recently had to dispose of one of our hoists as it had aged and the parts are no longer available for repair. The hoist is used many times per day to safely assist staff to move participants from their wheelchairs to change bed or into a fallout chair for the day.

EST COST - \$4,161

LOUNGE CHAIRS X 4

Lounge chairs around the centre provide a place for our guys to relax either in a group or by themselves. Brings a sense of home and comfort.

EST COST - \$4,000

SENSORY MATS

Sensory mats which are stain resistant, portable and easy to clean. Provides a soft, sensory feedback for participants to move freely around the floor.

EST COST - \$820

PARTICIPANT ACTIVITY PACK

Outdoor Pool Table

Playing pool can boost concentration levels and provide a great opportunity for our participants to socialise. It can improve hand eye coordination and help participants relax and de-stress.

Air Hockey Table

Playing air hockey can boost concentration levels and provide opportunities for our participants to compete and socialise. It can improve hand eye coordination and help participants to relax and de-stress.

EST COST - \$2,210

CHANGE BEDS

Our current change beds have been onsite for over 10 years. An upgrade will provide a more comfortable mattress, with a quicker and more efficient lift feature.

EST COST - \$7,940

WASHING MACHINE + DISHWASHER

Our current washing machine is ready to be replaced as it leaks from time to time and the warranty has lapsed. The onsite washing machine helps to clean our linen used, and any of the participant's clothing that may require washing while attending for the day.

Our dishwasher (purchased in 2019) requires regular maintenance, a new model would be more efficient for water and power use.

EST COST - \$4,600

SUPPORT OUR SENSORY UNIT!

TOBII EYE GAZE SYSTEM

The new eye gaze model allows for connection to the latest eye gaze technology, further increasing accessibility. Our communication initiative can be expanded to include more participants to utilise this technology. The eye gaze system we currently have is 8 years old.

EST COST - \$6,098

MAGIC CARPET - SENSORY UNIT

Our current projector unit (purchased in 2016) is becoming too old to cope with the newer technology offered. The image quality is decreasing and needs constant rebooting. The Magic Mirror which projects onto the floor for participants to interact with, is our most used device in the Sensory Unit.

EST COST - \$18,995
